

Project Name: Sheriff Equipment and Technology Upgrade Project

Request Amount: \$60,000

Intended Recipient: Carbon County

Address: 2 Hazard Square, Jim Thorpe, PA 18229

Description: The County proposes to purchase 16 rugged tablets for the Sheriff's Office. The primary use of the equipment in the field is to provide Deputies with information to serve arrest, bench, and civil warrants. The rugged laptops provide live information regarding the subject being served. This technology is the most efficient means to process the tasks required to ensure the safety of the public.

Project Name: Bethlehem Police Department Equipment and Technology Project

Request Amount: \$700,000

Intended Recipient: Bethlehem Police Department

Address: 10 E. Church Street, Bethlehem, PA 18018

Description: The Bethlehem Police department is seeking funding to upgrade its equipment and technology to enhance operational efficiency, improve public safety, and strengthen community trust. Specifically, they plan on utilizing community project funding to purchase portable safety/traffic barriers, renew and expand our camera and automated license plate reader (ALPR) network.

Project Name: Albutis Fire Station Project

Request Amount: \$1,650,000

Intended Recipient: Lower Macungie Fire Department

Address: 948 Brookside Rd, Wescosville, PA 18106

Description: This project seeks to replace the old firehouse currently in use in Albutis Borough.

Project Name: Portland Borough Ramp Construction Project

Request Amount: \$33,742

Intended Recipient: Borough of Portland

Address: 206 Division Street, Portland, PA 18351

Description: Portland Borough seeks funding to construct a new ADA-compliant access ramp at the municipal building to ensure full accessibility for all residents, including seniors and individuals with disabilities. The current entrance does not meet federal accessibility standards, limiting access to vital public services, council meetings, and emergency information.

Project Name: ABE Pedestrian Walkway Elevators and Escalators Project

Request Amount: \$2,000,000

Intended Recipient: Lehigh Northampton Airport Authority

Address: 3311 Airport Road, Allentown, PA 18109

Description: Seeking funding for Lehigh-Northampton Airport Authority to acquire two elevators and two escalators that will be installed in the main terminal building at the Lehigh Valley International Airport (ABE) at the end of a new pedestrian walkway. This allocation will allow the airport to better serve its increasing passenger traffic.

Project Name: Eastern Pennsylvania Regional Radio Network Project

Request Amount: \$2,100,000

Intended Recipient: Carbon County

Address: P.O. Box 129, Jim Thorpe, PA 18229

Description: Schuylkill and Carbon Counties propose to develop a regional communication, dispatch and recording network in a cooperative venture founded on the existing state-of-the-art P25 radio network already in place in Schuylkill County. Building on this technology will result in a true interoperable communications system

that will benefit both counties and their municipalities along with neighboring county, state and federal emergency service providers.

Project Name: Palmer Township Radio Upgrades Project

Request Amount: \$474,861

Intended Recipient: Palmer Township

Address: 3 Weller Place, Palmer, PA 18045

Description: The project will replace outdated 911 emergency radio equipment with 65 new radios. The project will include the purchase of 40 portable (attached to the Officer's vest or uniform) radios and 25 Mobile Vehicle (mounted onto the center console) radios, along with the accessories associated with each.

Project Name: Lower Saucon Road Bridge Replacement Project

Request Amount: \$242,000

Intended Recipient: Lehigh Valley Planning Commission

Address: 615 Waterfront Drive, Suite 201, Allentown, PA 18102.

Description: This project will replace the structure that carries Lower Saucon Road (State Route 2001) over the East Branch of Saucon Creek in Lower Saucon Township, Northampton County. This allocation will allow for the bridge currently rated in poor condition to be replaced.

Project Name: Radio Mandate Switch Over Project

Request Amount: \$201,441

Intended Recipient: Northampton Borough

Address: 1401 Laubach Ave, Northampton, PA 18067

Description: The Northampton Borough Police Department is requesting funds to purchase new portable radios and mobile radios, due to a countywide radio mandate switch over.

Project Name: Catasauqua Iron Works Project

Request Amount: \$3,683,000

Intended Recipient: Catasauqua Borough

Address: 90 Bridge Street, Catasauqua, PA 18032

Description: This project seeks to develop the property into a mixed-use community including 45 townhouses, 250 apartment units, 10,000 square feet of commercial space, public plazas and parks, and pedestrian/bike connectivity to the canal tow path.

Project Name: Rex Road Bridge Repair Project

Request Amount: \$375,000

Intended Recipient: Heidelberg Township

Address: 6272 Route 309 Suite A, New Tripoli PA 18066

Description: This project seeks to make repairs to the Rex Road bridge by replacing deteriorating beams.

Project Name: Male Rd Bridge Replacement & Pedestrian Improvements

Request Amount: \$431,000

Intended Recipient: Wind Gap Borough

Address: 545 East West Street, Wind Gap, PA 18091

Description: This project seeks to make repairs to the Male Rd Bridge. The project will also enhance pedestrian safety.

Project Name: Freedom High School Emergency Communications Amplifier Project

Request Amount: \$120,000

Intended Recipient: Bethlehem Township

Address: 4225 Easton Avenue, Bethlehem, PA 18020

Description: This project seeks to improve signal strength and coverage at Freedom Highschool by installing an amplifier, so that first responders may communicate clearly and have access to a reliable radio in the event of an emergency.
